## MY SISTER

Hi, I'm Alice and this is my sister Clare. We live in London. I'm going to tell you about my sister.

Clare is eight years old. Her hair is blond. She's got brown eyes. My sister gets up at seven o'clock and we go to school together. Clare gets home at two o'clock. I sometimes help my sister with her homework. In the evening we read books or watch TV. Sometimes we go to the cinema. We like good films. It's great living with my sister!
